Work Breakdown Structure (WBS)

Student Project Portfolio & Showcase App | Individual project | Effort figures are planning estimates

WBS ID	Task	Depends on	Effort	Deliverable	Status
1	**Requirements Engineering**				
1.1	Understand problem statement #04 and identify actors	Problem statement	0.5 d	Actor list	Done
1.2	Draw UML use-case diagram (UC-01 – UC-07)	1.1	0.5 d	UseCase_Diagram.pdf	Done
1.3	Write use-case flow specification (UC-05)	1.2	0.5 d	UseCase_Flow doc	Done
1.4	Write FR/NFR requirements table	1.2	1 d	Requirements_Table.docx	Done
1.5	Build RTM	1.4	0.5 d	RTM_Table.docx	Done
2	**Architecture & Design**				
2.1	Analyse Layered, Microservices, Client-Server styles	1.4	0.5 d	Style comparison	Done
2.2	Select architecture and identify components	2.1	0.5 d	Component list	Done
2.3	Create UML component diagram	2.2	1 d	Component_Diagram.png	Done
2.4	Write one-page architecture justification	2.3	0.5 d	Justification PDF	Done
3	**Project Setup & Management**				
3.1	Create GitHub repository MyProject_ShowcaseApp and folder structure	—	0.25 d	Repository	To do
3.2	Create Jira project, epics and user stories	1.4	0.5 d	Jira board	To do
3.3	Capture creation screenshots (GitHub and Jira)	3.1, 3.2	0.25 d	Folder 3 screenshots	To do
4	**Documentation**				
4.1	Write SRS	1, 2	1 d	SRS document	Done
4.2	Prepare WBS (this document)	4.1	0.5 d	WBS document	Done
4.3	Write README and upload all folders	4.2, 3.1	0.25 d	README.md	To do
5	**Later Phases (not part of this submission)**				
5.1	Copilot-generated code evidence (folder 5)	2	TBD	Screenshots / repo link	Later
5.2	Software testing practice and bug fix (folder 6)	—	TBD	Fixed repo link	Later
